

# WILL REPLY TO CHARGES MADE

## Davidson To Answer The Senator's Milwaukee Address, In Chippewa Falls.

# HOARD DOES NOT APPROVE OF IDA

## Ex-Governor Believes La Follette's Milwaukee Talk Will Hurt Him And Do Davidson Considerable Good.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., July 28.—Governor Davidson is going to make a reply to Senator La Follette's aspersions. He is said to have selected Chippewa Falls as the place for this return shot at the Lenroot crowd, generated by La Follette. The claim that La Follette made that a lawyer was needed in the gubernatorial chair and his support of the Superior stevedore is not consistent. B. J. Castle, for years a mouthpiece for everything La Follette advocated is also to take the stump for Davidson. Other former spellbinders of the senator's clique will also take the stump against his proteges and the campaign promises to be a speaking one after all. Candidate Connor is arranging for this and as he did most of the arranging for the last state campaign he knows how to do it. Meanwhile La Follette has established Lenroot headquarters in Madison, has placed John Hannan in charge to be assisted by Rogers; for many years his confidential man Friday.

**Hoard's Ideas.**  
W. D. Hoard of Ft. Atkinson, former governor of Wisconsin, said in an interview today that while Speaker Lenroot's candidacy for governor may not be harmed through La Follette's recent address in the assemblyman's favor the step will nevertheless prove very harmful to La Follette himself.

**File Papers.**  
Congressman J. W. Babcock today filed his nomination papers for the republican nomination for member of congress from the Third district. The petition is a voluminous affair and contains the maximum number of names allowed by the law.

The prohibition party filed the nomination petitions for the cold water state ticket as follows:  
Governor—Dr. E. L. Eaton, Madison.  
Lieutenant governor—August R. Fehlandt, West Salem.  
Secretary of state—John E. Clayton, Milwaukee.  
Treasurer—David W. Emerson, Emerson, Iron county.  
Attorney general—Byron E. Van Kieren, Oshkosh.  
Commissioner of insurance—Lincoln Abraham, Bloomington.

The papers of W. F. Dibble of Ft. Atkinson were filed for the prohibition nomination for congressman in the Second district.

George C. Sedgwick filed papers for the republican nomination, as state senator from the Pitteneth district, now represented by Samuel Randolph, democrat.

Papers of E. A. Morse were filed. He is a candidate for the republican congressional nomination against W. E. Higdon in the Tenth district.

John A. Henry of Adams county filed papers for the republican nomination for the state senate in the Ninth district.

# WASHINGTON HAS WAKED AT LAST

## PROGRESSION IS THE WATCHWORD TODAY. DETERMINES ITS FUTURE

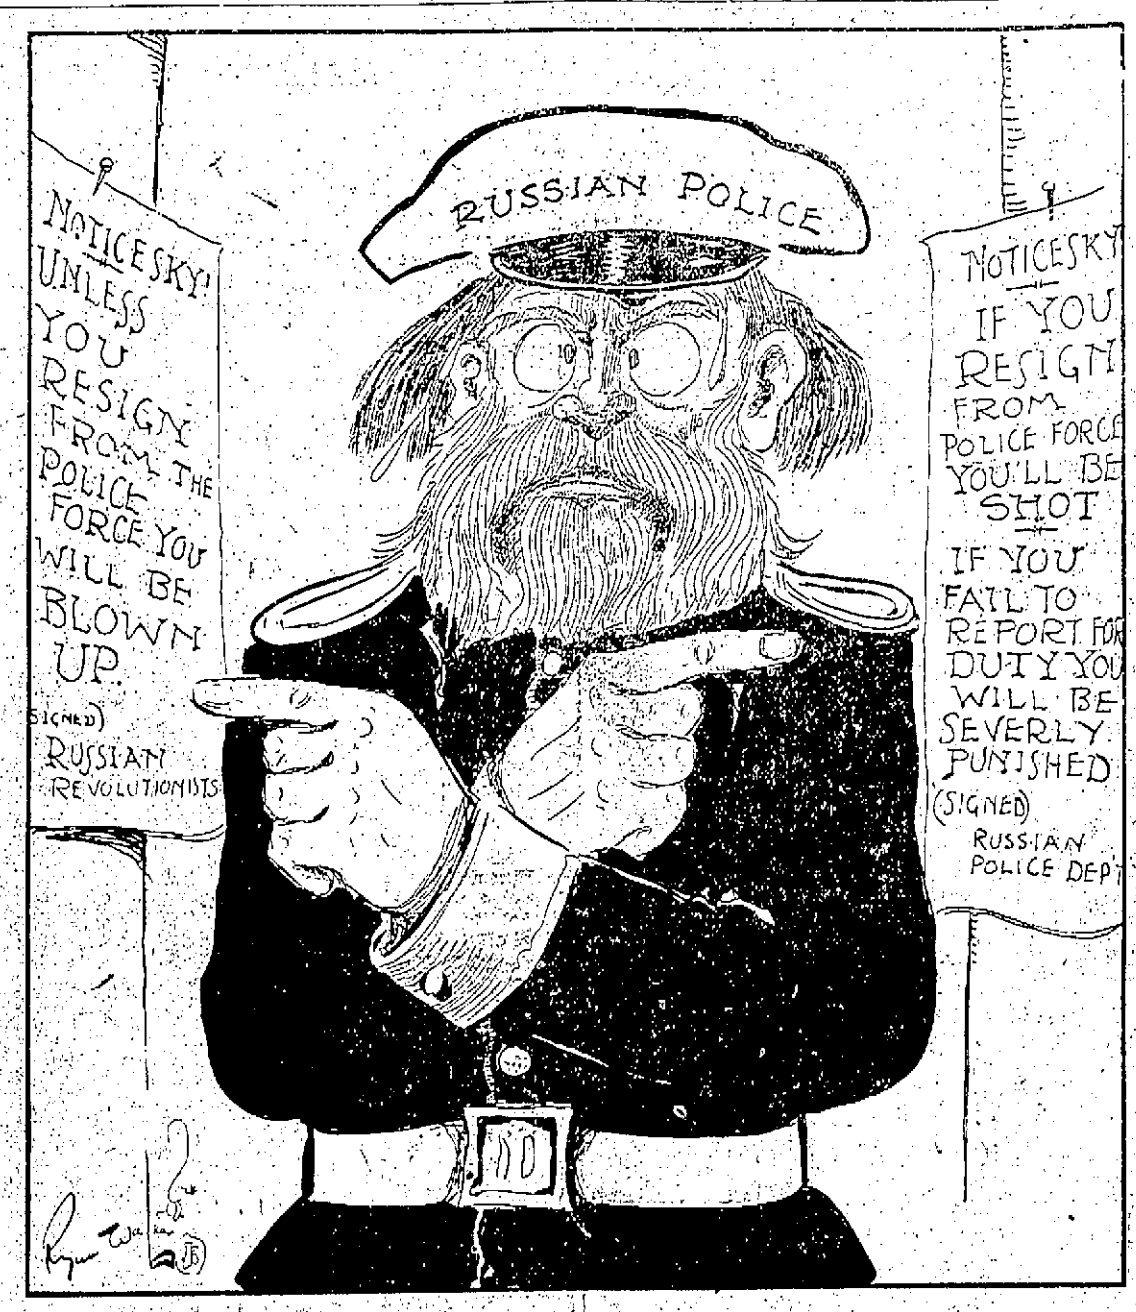

**Business Men Are Alive to the Situation and Determined to Win the Fight.**  
Washington, D. C., July 27.—Washington has entered upon a progressive and an aggressive campaign for a greater measure of prosperity. It has determined no longer to be looked upon as only an orphan, depending wholly upon the generosity of the general government, but to carve out a future and a success for itself, independent of governmental aid. The merchants and business men of the city have formed what is representative of the U. S. Tobacco Growers' Association, and their slogan is "Greater Washington." The move is for the purpose of bringing to the city a largely increased wholesale trade, but it has manufacturing also as an objective point, and while looking after trade with the South it will also reach out after industrial enterprises seeking a new location.

Franklin Woems, secretary of the Maryland Tobacco Growers' Association, thinks the boom for a great industrial city will result in making Washington a tobacco market. Speaking on this line today to a representative of the U. S. Tobacco Journal, Mr. Woems said:

"The Maryland Tobacco Growers' association has about 1700 members in the five counties of southern Maryland—Anne Arundel, Prince George's, Calvert, Charles, and St. Marys—in addition to ninety per cent of the growers of tobacco in Carroll, Frederick, Howard and Montgomery counties.

"The city of Washington is the center of this great tobacco growing section, which produces about \$1,500,000 worth of tobacco, most of which is exported to France, Italy, Holland, Austria, and Germany, these countries using it principally in cigarette and pipe smoking mixtures, and to a small extent for cigars. Within the last two years, Pennsylvania has been sending agents through these counties buying whole crops of tobacco, which is shipped to Lancaster, the great cigar making town. There it is made up into cheap cigars, of which millions are used in every section of the United States. Thousands of cases of these cigars are bought by Washington jobbers for distribution to their trade.

"That being the case, it would seem that Washington has a mine of wealth which, if properly worked, would add greatly to her mercantile development. She could easily become the center of a manufacturing industry, the raw material for which lies right at her doors. Pittsburg and Wheeling use the tobacco of Western Pennsylvania and Eastern Ohio for making the stogies that advertise those cities in every corner of this country. Lancaster, Pa., is a hive of industry and owes her wealth and mercantile importance to her cigar factories. Richmond, Va., Durham, N. C., Cincinnati, Louisville, all know

The Russian policeman's lot is not a happy one, is not a happy one!

# ST. PETERSBURG HAS LOST CONNECTIONS

## Burning of the Switchboard in Central Telegraph Station is Fatal to News.

[BY ASSOCIATED PRESS.]  
St. Petersburg, July 28.—The switchboard of the Central Telegraph station in St. Petersburg was burned out today, destroying all communication with the provinces.

**Seize the Train.**  
Warsaw, July 28.—A passenger train carrying the government money and guarded by soldiers and gendarmes was attacked today between Czerny and Herby by bandits. Two gendarmes, four soldiers and two employees were killed and others wounded. The robbers carried off eight thousand dollars in coin and the arms of the defenders of the train.

**Later Report.**  
Later details say the attacking party consisted of ten revolutionists and they escaped with eighty thousand instead of eight thousand.

# WINS BACK TITLE OF CHAMPION SCULLER

## George Towne Again Holds Title of the World's Champion Sculler.

[BY ASSOCIATED PRESS.]  
Sydney, N. S. W., July 28.—George Towne today won back the title of world's champion sculler by defeating James Stansbury on the Paramatta River course.

# SPARKS FROM THE WIRES

John Henry, a negro, was executed at Snowhill, Mo., for an assault on a white woman last November.

The secretary of state of Missouri has issued a charter to the St. Joseph and Southern Railway company.

Cornelius Johnson, a negro, was hanged at Louisville, Ky., for the murder of Conrad Kaiser, a white saloon keeper.

In a collision between an engine and a car on the Frankville branch of the Reading railroad William F. Smith of Reading, Pa., was killed.

Bozeal Corbino, an Indian living on the reservation about twelve miles from Hayward, Wis., kicked and beat his wife into insensibility and she died.

The old site of the St. Ignace church and college at San Francisco, comprising an entire block, has been leased to Wamnamaker & Brown of Philadelphia for a department store.

Stirling, Ill., courts have handed down a decision in favor of Fred Billings, an employee of the traction company of Manitowish, Wis., giving him \$30,000, which was bequeathed to him by Peter Keller.

No evidence of murder was the report of the medical examiners after they had performed an autopsy upon the body of Miss Winzola M. Goodell of Belchertown, Mass., who disappeared from her home July 6.

George G. Hadley, one-time partner of Senator Stephen B. Elkins and Richard B. Kerrins, both of West Virginia, and Henry Gassaway Davis, candidate for vice president on the Parker ticket, has filed an application in bankruptcy.

Officers of the J. I. Case company are protesting against the increased assessment of personal taxes at Racine. The increase this year is \$200,000, bringing up the total assessment to \$1,000,000, while the real estate is assessed at \$615,200. If the manufacturing concerns are taxed too heavy, many are liable to leave the city, according to the mayor.

# COUNTY POLITICS WARMING UP

## AUGUST FOURTH LAST DAY FOR FILING PAPERS.

# MANY CANDIDATES ARE OUT

## New Candidates Come Out at Last Minute in First Assembly District.

As the time for the filing of nomination papers of the different candidates approaches the complications of the primary law are seen in their full force. Thus far the list of candidates for the different offices is not appalling, but it may grow steadily before August Fourth, the last day under the law that nominations can be made.

**The Assembly.**  
In the first assembly districts two candidates are out for the legislature, A. S. Baker, who served in the last session, and L. E. Gettle of Edgerton are in the field. Both men have warm friends in the district and both have come out in the past few days. In the second district, which comprises the city of Janesville, Captain Piny Norcross is the only candidate out thus far, but it is understood that others, at least one, will file papers against him. In the third, Beloit and adjacent territory, three are out: Jerome Shimeall of Turtle and Simon Smith and Chamberlain of Beloit. There is no state senator to be elected this year, so this contest is eliminated and Whitefield holds over.

**County Officers.**  
There are four candidates for sheriff: Ira Fisher of Edgerton, in the first district; Alva Maxwell of Janesville; E. C. Ransom of Bradford; George Merrill of Beloit, and a Mr. Kline of Beloit. John Fisher, present incumbent, seeks nomination and is opposed by Attorney H. H. Blanchard. For clerk of the court, Ward A. Stevens seeks nomination after one successful term and is opposed by Jesse Earle of Janesville and a Mr. Kline of Beloit. No one seeks to oust Mr. Lee as county clerk thus far and Treasurer Smith and Register of Deeds Weirick are also unopposed. It appears now as though the only contests would be on the sheriff, clerk of the court and district attorney offices.

**Democrats Planning.**  
The democrats are planning to place an entire county ticket in the field. On Monday evening they held caucuses for the purpose of suggesting names and it is probable that there will be no contest on the ticket they decide to nominate at the September primaries. This will allow the contest to go practically by default. Who will be nominated for the different offices is not known yet.

# ROCKEFELLER WAS A PASSENGER ON BOAT

## No Papers Were Served on Him When He Stepped Ashore Though.

[BY ASSOCIATED PRESS.]  
New York, July 28.—John D. Rockefeller was a passenger on board the steamer America which arrived from Hamburg today. No attempt was made to serve any legal papers on Rockefeller in connection with the legal proceedings against him at Findlay, Ohio. When he left the America at Hoboken Rockefeller greeted a number of newspaper men with a smile, but refused to answer any questions.

# Wanted in Chicago

Chicago, July 28.—It developed today the government attorneys are bending every effort to present the facts before the grand jury upon which an indictment may be sought which will include John D. Rockefeller and his subsidiaries in the Standard Oil company, under the charge of engaging in a monopolistic business in violation of the anti-trust laws. One federal official declared the investigation in Chicago was intended by the officials at Washington to mean the covering of the entire situation and the prosecution of every individual and corporation of every charge possible under the evidence as it develops.

# NEWS OF THE STATE IN BRIEF

The Metropolitan Church association, better known as the Holy Jumpers, will hold its annual camp meeting, a general gathering of friends, preachers, evangelists, and missionaries, at Waukesha, Aug. 12 to 21. The church now occupies the old Fountain Springs house at Waukesha.

Gov. James O. Davidson was at Chippewa Falls Friday to attend the grand lodge meeting of the Independent Scandinavian Workmen's association, of which he is a member. In the afternoon he met leading politicians and later took an automobile trip to inspect the State Home for Feeble Minded.

President Zechiel of the Anti-Saloon league addressed a large audience at Peshtigo Thursday night and later visited the saloons seeking slot machines. He went to Marinette in the morning to get Sheriff Brown's aid in raiding the saloons. But Brown being out of the city Zechiel returned to Peshtigo for warrants.

A new four room schoolhouse, to cost \$6,000, will be built at Rochester, Racine county.

# LIGHTNING FIRES BURN BATTLING MILL. SMALL LOSS

## Bolt of Lightning Sets Fire to Bale of Cotton Stored Under Roof.

Shortly before two o'clock this afternoon a bolt of lightning struck the roof of Burns' Battling Mill at the end of the Fourth avenue bridge, and went down through the roof and set fire to a bale of cotton that was stored under the roof. The blaze was in a bad place and a serious fire loss for prompt work of the department. The building is a one-story affair and was but slightly damaged. The great loss will be by water to the stock.

**A Second Fire.**  
At two-forty-five a second bolt of lightning struck Soverrill's warehouse and caused another alarm to be turned in, but it was quickly extinguished.

# LA FOLLETTE ATTACKS ALL WHO OPPOSE HIS ATTITUDE

## Junior Wisconsin Senator Takes A Dig At Speaker Canon In No Measured Terms.

[SPECIAL TO THE GAZETTE.]  
Milwaukee, Wis., July 28.—The Milwaukee evening papers publish tonight a ripping defense made today by Senator La Follette for his promised appearance on the stump in favor of Lenroot's candidacy. Not only does he extol his action, but he also condemns those who oppose him and Lenroot in Lenroot's fight for the nomination.

The senator says that the United States Senators are more the direct representatives of the people than are the congressmen and he hits and hits hard the so-called czar-like rule of Speaker Cannon in the house of representatives. The interview promises to be of national interest, as he has for the first time made an attack upon the members of congress.

# PACKERS PRODUCTS MUST BE SPOTLESS

## Secretary Wilson Issues Regulations Under the New Law That Will Furnish Absolutely Healthy Meat to the Public.

Washington, July 28.—Secretary Wilson Friday made public the regulations under the new law governing the inspection of meat products for interstate and foreign trade. They do not, however, cover the subject of interstate transportation of meat or the microscopic inspection of pork for export. Regulations on these subjects, it was stated, will be issued later. The regulations issued Friday are stringent throughout, and are in line with the best authorities on the subjects of sanitation, preservatives, dyes, chemicals and condemnation of diseased carcasses.

**Only Retail Trade Exempt.**  
The general regulations provide that the scope of the inspection shall cover all slaughtering, packing, meat-canning, salting, rendering or similar establishments whose meats or meat food products, in whole or in part, enter into interstate or foreign commerce, unless exempted from inspection by the secretary of agriculture. Under the law the only establishments which may be exempted by the secretary are retail butchers and retail dealers supplying their customers in interstate or foreign trade, but even these exempted classes are required to submit to the secretary an application for exemption. All animals, carcasses and meat food products will be subjected to a rigid inspection. Reinspection will be had wherever necessary.

**For Good Lighting and Ventilation.**  
Sanitation regulations require the establishments in which animals are slaughtered or meat and meat food products are prepared, packed, stored or handled to be suitably lighted and ventilated, and to be maintained in a sanitary condition. All work in such establishments must be performed in a cleanly and sanitary manner. All portions of the buildings must be whitewashed or painted, or where this is impracticable, they must be washed, scraped or otherwise rendered sanitary, old floors and old equipment which cannot be made sanitary must be removed and replaced by suitable materials. All trucks, trays, chutes, platforms, racks, tables, knives, saws, cleavers and all utensils and machinery used in handling meats must be thoroughly cleaned daily.

**Clothing of Employees.**  
Employees of the establishments must wear outer clothing of a material that is easily cleaned and made sanitary, and all toilet rooms, urinals and dressing rooms are required to be entirely separate from apartments in which carcasses are dressed or meats and meat food products are prepared.

**Butchers who dress diseased carcasses are required to cleanse and disinfect their hands and implements before touching healthy carcasses. Employees who are unclean and careless of person will not be allowed to handle meats.**

**Reports of Sanitation Ordered.**  
Weekly reports on sanitation are to be made by the employees in charge of various departments to the inspector in charge of the station, who in turn must report weekly to the chief of the bureau of animal industry at Washington. But if any unsanitary conditions are detected by any department employee, such conditions must be reported immediately to the inspector in charge, who will report to Washington.

The provision relating to dyes, chemicals and preservatives is stringent.

**Inspection Laws Altered.**  
The inspection of animals before slaughter, designated in the regulations as the ante mortem inspection, is changed to conform to the new law, and to give the secretary of agriculture authority to require that all animals suspected of disease on this ante mortem inspection shall be slaughtered separately and apart from all other animals, under the careful supervision of federal inspectors. Herebefore the ante mortem inspection has been made in the stock yards, at the time the animals arrived, and has covered animals which were to

slaughtered at establishments where inspection was maintained, and those which were slaughtered for local trade. The new law does not authorize inspection of animals for local trade. It came to the attention of the department that speculators were taking advantage of this form of inspection, and the farmers who shipped the animals to market were thereby losing several hundred thousand dollars a year. Under the new form of inspection the shipper will be absolutely protected, and will receive full price for all animals which pass the inspection.

**Destruction of Carcasses.**  
Special provision is made for the destruction for food purposes of all carcasses and parts of carcasses and meat food products which, upon inspection, or reinspection, prove to be unclean, unsound, unhealthful, unwholesome, or otherwise unfit for human food. All such meat will be placed in a tank in the presence of a government inspector, and all openings to the tank will be sealed with a government seal by the inspector. Steam will be turned on. Before the carcasses are placed in the tank sufficient coloring matter will be added to render it impossible that the tankage can be used for food or other eatable product. If any establishment refuses to follow the tankage regulation, inspection will be withdrawn, and the product of that establishment will not be allowed in interstate or foreign trade.

**Trade Label Regulation.**  
The meat inspection law under which the regulations are issued, contains a provision that no meat or meat food product shall be sold or offered for sale by any person, firm or corporation in interstate or foreign commerce under any false or deceptive name, but established trade names which are usual to such products and which are not false and deceptive and which shall be approved by the secretary of agriculture are permitted.

The regulation on this subject provides that trade labels which are false or deceptive in any particular shall not be permitted, and that a meat food product whether composed of one or more ingredients, shall not be named on the trade label with a name stating or purporting to show that the said meat food product is a substance which is not the principal ingredient contained therein, even though such a name be an established trade name.

These provisions in regard to labels conform to the requirements of the pure food law. It was stated at one time that the provisions of the meat inspection law conflicted with the pure food law, but this idea is not borne out by the regulations just issued.

**Supervision of Stamps.**  
All stamps, labels and certificates showing that meat and meat food products have been inspected, and passed are required either to be affixed by a government employee or to be affixed by an employee of the establishment under the personal supervision of a government employee.

Certificates are required for exports of cattle, sheep, swine and goats, and the meat and meat food products thereof, and no vessel having on board any such animals, meat or meat food products for export will be allowed to clear by the customs officers until the certificate of the secretary of agriculture, showing that the meat is sound, healthy, wholesome and fit for food, is produced.

**Free Access to Houses.**  
For the purpose of enforcing the law and the regulations, inspectors and other government employees under the direction of the inspector, must have access to establishments at all times by day or night, whether the establishment be operate or not.

Each employee of the department engaged in meat inspection will wear a numbered badge for identification purposes.

The regulation directs attention to the fact that it is a felony, punishable by fine or imprisonment, for any firm or corporation, or any agent or employee thereof, to give or offer, directly or indirectly, to any department employee engaged in meat inspection any money or other thing of value with intent to influence the employee in the discharge of his duty. It is also a felony for any department employee engaged in meat inspection to receive or accept from any person, firm or corporation, engaged in interstate or foreign commerce, any gift, money or other thing of value, given for any purpose or intent whatsoever.

NO POLITICS IN THIS ASSEMBLY

A. E. MATHESON ATTACKED ONE CLASS OF LECTURERS. THE RAIN INTERFERED TODAY Morning Studies Begin Monday—Dr. Hedley a Strong Lecturer—Glee Club Pleases. SUNDAY, JULY 29. 10:30 a. m.—Sermon, "The River of God in America," Rev. J. H. Sowerby. 2:00 p. m.—Sacred concert, The Chicago Glee Club.

NO SPEAKER WORKS ONE-TENTH AS HARD AS SUNDAY cago Glee Club. 2:30 p. m.—Sermon, "Base Ball," W. A. Sunday. Sowerby. 2:00 p. m.—Midday concert, The Chicago Glee Club. 2:30 p. m.—Lecture, "Lightning and Toothpicks," Sylvester A. Long. 4:15 p. m.—Trombone Quartette, The Chicago Glee Club. 8:00 p. m.—Full concert, The Chicago Glee Club. 9:30 p. m.—Moving pictures. MONDAY, JULY 30. 10:00 a. m.—Morning lecture, "How to Study Your Bible," Rev. J. H. Sowerby. 2:30 p. m.—"Starbright," Gertrude Goodwin Miller. 4:15 p. m.—Plantation Echoes, by the Dixies. 7:30 p. m.—Folk-songs of Dixie, Mme. Buckner and the Dixies. 8:00 p. m.—Lecture, "Living and Laughing," Ralph Parlette. 9:30 p. m.—Moving pictures.

In his response to the address of welcome at the opening of the Chautauqua yesterday, A. E. Matheson summarized the purposes and aims of the Chautauqua and attacked the political lecturer. He said, in part: "The purpose of the management is to keep the ideal high and make the Chautauqua a clean and elevating institution. There are some things to be considered in this connection. There is the opportunity for rest and relaxation; another for social features; another for educational advantages and last and most important the moral and religious sides. By religious, I do not mean any particular creed or church shall have a monopoly on the management. Now, we have a Catholic president and on our board of directors are Congregationalists, Presbyterians and Episcopalians and we purchased pews from the Methodist society. There are some things we will not permit. Some speakers use the Chautauqua platform as a forum from which to advance their own political opinions and advance their own political interests. This is demagogism and political chicanery and will not be permitted from this platform. The Chautauqua is not managed primarily for profit and any profit to the association will be used for the advancement of the Chautauqua in some way for the public benefit of Janesville. We mean to avoid anything that will lower our ideals and intend to make it an institution worthy of the support of the best people of Janesville and Rock County."

TOMORROW WILL BE GREATEST DAY OF 1906 CHAUTAUQUA

Tomorrow will be the greatest day of the present Chautauqua. In the morning services, similar to those used in all denominational churches, will be held. Rev. J. H. Sowerby, who is to conduct the morning Bible study next week, will make his debut on the Janesville platform. His sermon topic is "The River of God in America." The music will be led by the Chicago Glee Club and solo and anthem numbers will be furnished by the same organization. The afternoon program will be the principal one of the day. At two o'clock the Glee club will render a concert and at half-past two "Billy Sunday" will speak. This revivalist, who among western people is greater than any other, is one of the "biggest" figures on the Chautauqua platform. When he appears he is the "topliner." Among the assemblies he will speak at this summer is the long established Rockford Chautauqua, to which he goes later in the season. Biography of Sunday William Ashley Sunday was born in Ames, Iowa, and was educated at the high school at Nevada, Iowa. He attended the Northwestern university

at Evanston for several years, and then became a professional baseball player. From 1888 to 1890 he played with the big league teams and was with the Chicago Cubs, the Pittsburgh and Philadelphia aggregations in the National League. He was converted on the streets of Chicago while attending a Salvation Army service, and immediately dropped baseball work. He became assistant secretary of the Young Men's Christian association in Chicago in 1891 and was with the association until 1895, when he began his work as an evangelist. His work in the evangelistic field has been interdenominational, and in every city that he has held meetings the Protestant ministers have banded together in order to arouse enthusiasm and to bring vast crowds to hear the wonderful speaker. He was

ordained as a Presbyterian minister by the Chicago Presbyterian on April 15, 1903. Churches Abandon Services In the evening another large audience is expected. The program is strong and in several of the churches there will be no evening services, the pastors giving way to the Chautauqua. At seven-thirty the glee club will offer "Twilight Hymns" and at

Sylvester A. Long will deliver his lecture, "Drop It." Mr. Long is a young man on the platform, but none have risen as rapidly as he and Lyceum people consider him one of their best products.

TENTED CITY WITH ONE HUNDRED ENCAMPED THERE

There are about a hundred people encamped on the grounds at present and by the opening of next week the number will be increased. The idea of a tented city is being carried out, further this year than last and the campers are given all sorts of accommodations. Boss Canvassman Lewis has arranged with the postmaster to secure all mail directed to the grounds and he will deliver it twice each day. Groceries and all other supplies can be ordered over the phone and the delivery of these is permitted up till one o'clock in the afternoon. After that hour wagons, by reason of the disturbance they would create, are not allowed to come through the arch. The residents of this white village are not the only ones for whom accommodations have been arranged. All patrons are benefited. There are rest rooms, rented and maintained by local merchants; a restaurant, managed by Mrs. Klenow; several refreshment stands and various other features. Among those encamped on the grounds with their families are J. L. Fletcher, J. P. Carle, S. C. Burnham, A. W. Hall, Mrs. L. S. Wolfe, Mrs. Burr, David Brown, Ray Jackson, Miss Handschin, M. E. Haviland, F. E. Sadler and A. J. Miller. Miss Josephine Grandall and party from Milton will become residents Monday.

HAPPINESS DEPENDS ON SELF AND NOT CONDITIONS

Dr. Hedley yesterday brought a beautiful message in his "Sunny Side of Life." Happiness, he said, was wholly and purely a personal condition. It did not depend on surroundings and those who imagine any particular environment can make them happy have a wrong conception of the sunny side of life. The complaining soul today will not find tomorrow sufficient, for happiness is in the heart and not in the world. We would not be happy if we had common sense enough to know it, for there is a silver lining to every cloud, but only for those who seek it. And further more it is our duty to be happy; the turning of a deaf ear to fun is a disobedience of God's law of love. Continuing Mr. Hedley defined and distinguished wit and humor. Wit is out of the head. It is cold and comes from those who are intellectual. It

hurts; because all wit is fun at someone's expense. Humor is of the heart; it laughs at no one; it is warm, stinging and filled with sympathy; low generosity and feeling. Among other interesting points made by the speaker was one on dress. He believed God was the author of and finisher of fair gowns, the founder of fashion. Clothes make the people happy and in them was a benefit. Wear what you want, if you can morally (omitting the financial point) afford to. But the greatest part in seeking happiness was shutting out temptation or withstanding it when it forced itself in. But remember in keeping temptation from self do not tempt others—you are your brother's keeper.

Concert by Glee Club The Chicago Glee Club gave two delightful concerts in the afternoon and last evening rendered a full program. The company above any musical attractions of last season and is truly made up of artists. Their voices are a full-toned, finished and cultured and harmonize beautifully. The trombone quartette is a feature that proved up to all expectations. The full, yet delicate organ, are only comparable to the music. The male quartet consists of J. W. Tyrner, first tenor; D. F. Thomas, second tenor; G. T. Henry, baritone; G. H. Dixon, basso. The trombone quartet is composed of Mr. Henry, first; Mr. Dixon, second; Mr. Thomas, third; Mr. Tyrner, fourth. Last evening the following program was given: Antoinette, Mair. Male Quartet, Solo—Nita Gitana, De Koven. Mr. Henry.

What the Chimney Sank... Park Medley... Trumbone Quartet... The Goblins... Don't Watch Out... Park Male Quartet... Character Sketch—"The Hoosier," introducing poems by Riley. Mr. Dixon. Remember Now Thy Creator, Rhodes. Solo—Sweet Adeline. Mr. Thomas, trombone accompaniment. Sailor Songs, in Costume. (a) Tar Song... Hatton. (b) Davy Jones... Malloy. Male Quartet.

FLUDE TELLS OF UNWRITTEN CHAUTAUQUA LAWS; BREVIETIES

Alfred D. Flude, in his introductions and intermission remarks told the audiences yesterday of a few unwritten laws that govern every Chautauqua. There are three principal ones. Remove your hats while under the big tent. If the program does not please you do not remain, restlessly moving about and chatting—it is perfectly proper to quietly depart from the tent at any time; don't talk in or about the tent. Among the suggestions Mr. Flude made was that regarding applause. He said: "You can see for yourself that you have an excellent program and you must encourage and 'boost' it. One audience, which sits back and defies the talent to entertain or please them, can kill a Chautauqua in half a day while the tickers downtown won't succeed in twenty-four years. Get the Chautauqua spirit!" Some people are never satisfied unless they have a reserved seat. For these three hundred chairs have been rented of the Y. M. C. A. and can be secured for an afternoon or evening at five cents. They are free in the morning. These seats may be placed near the platform or around the tent. The old church pews, cushioned and comfortable, are free to those who reach the ground early enough to secure a seat in them. All rigs can be brought through the arch and into the Chautauqua grounds proper. There are places to hitch on the southern edge of the park. This is lighted at night.

The lighting system this year is adequate and a vast improvement over that of last. The current does not come through the trolley wires and there is no "bobbing" of the lights. The platform is large, well lighted and a gong in the rear sounds five minutes before each program and again at the opening.

The City Bell-steamers leaves the west dock at Fourth avenue on every half-hour during the afternoon and evening and the Chautauqua dock at the hour. The steamer Columbus departs from the east Fourth avenue dock on the hour and from the grounds on the half hour. Both boats, however, are at the grounds at the completion of each program. After the lecture this evening Alfred D. Flude will show a series of moving pictures. This is a feature of the program added by the management yesterday.

ELGIN BUTTER MARKET (Special Telegram.) Elgin, Ill., July 22.—Butter—Official firm at 20c; output, 939,000.

ny's inventions and equipment that may be made upon it. In this connection the installation of new cases and other equipment of the job department of the office might be called into prominence. Outside of Milwaukee and Madison there is no job office in southern Wisconsin so well equipped to handle job work at the present time as is the department of printing of the Gazette.

Other Features. Two years ago the Gazette installed a costly press to meet the demands of the public for a well-printed newspaper. Last spring the Gazette became a member of the Associated Press, the greatest news agency in the world. In so doing it gave to its readers the best methods of modern journalism. This service is shortly to be increased and already special wires from the Associated Press of New York have been installed in the Gazette office, via the Postal Telegraph company, and a skillful operator will be placed by the Postal

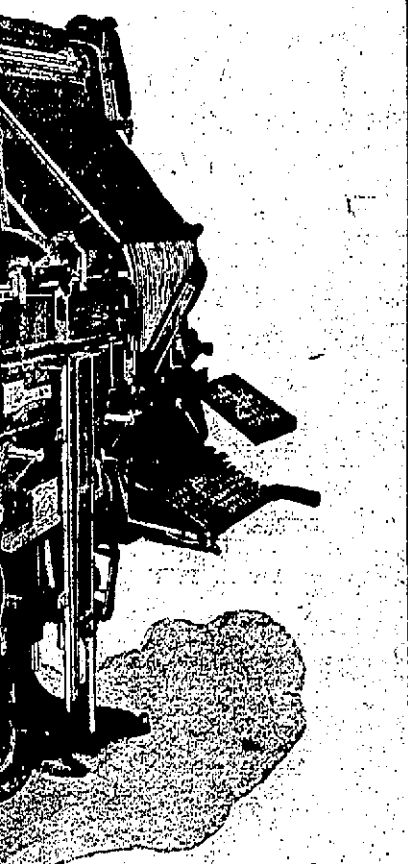

"SINGLE DECK" LINOTYPE—TWO DISTINCT FACES OF TYPE

given the patrons of the office both as to the newspaper and also as to job work. The machine is especially designed with reference to book, magazine and lawyers' brief work. Capable operators are employed and accuracy and speed, two essential features, are assured.

Great Strides. When one stops to consider the immense amount of work that is necessary for the publication of one day's issue of a paper, it is appalling. When John Gutenberg, the German printer, in 1454, cut rough letters out of wood, placed them together and then made an impression upon paper, he performed a wonderful feat little short of the "black art." Hundreds of years previously however the Chinese and Japs had made similar contrivances but the European world knew nothing of them. The monks were the printers of the world up to this time and their work was written. Long tedious hours of labor which today are accomplished in a few seconds. Later came the idea of metal types and then more improvements followed until the old time different fonts of types, now found in small western country weekly offices, were the pride of the printers of the world. Then came the linotype. The old printers shook their heads and did not believe it possible that one machine could do the work of five men. The tramp printer saw his days numbered but gradually as the idea of the machine became more common, people ceased to wonder and now the machine has come to stay. Year by year the Mergenthaler Linotype company in their great workshops in Brooklyn have turned out hundreds of these machines until in the double

magazine instrument they have manufactured almost a perfect machine that guided by one man does the work of five and never tires. Takes Months. It takes months for the company to fill their orders. The Gazette machine was ordered in May and did not arrive until last week in Janesville. The great disaster in San Francisco delayed somewhat, as some eighty odd new machines were shipped there at once from the factory to take the place of those destroyed by the earthquake. It took an expert and two experienced operators four days to install the machine in the office and arrange its complicated mechanism. It is now doing its share of the daily composition of the paper and also is used for job work. With the two machines at its disposal the department of printing is now equipped to meet any hurry up

THE MICROSCOPE

Proves That Parasites Cause Hair Loss. Nine-tenths of the diseases of the scalp and hair are caused by parasitic germs. The importance of this discovery by Professor Unna, of the Charité Hospital, Hamburg, Germany, can not be overestimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff; because they do not, and they can not kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff, is Newbro's Herpicide. In addition to its destroying the dandruff germ Herpicide is also a delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Sort of Curio Shop. The surgeons who operated on a man in the London hospital the other day found in him 25 pieces of cork, 20 pieces of tin foil, a leaden bullet, a piece of string 18 inches long, nine-pence in small change, a piece of leather nine inches long with a hook at each end, several pieces of clay pipestem and portions of a newspaper. Read the want ads.

# A LIFE STORY IN CLASSIFIED ADS.

## CHAPTER II.

The "CLASSIFIED BABY," we'll call him for short.

Was, of course, without equal in his deportment. But the care of a child and housework as well. Proves no easy task, as mothers will tell.

The wife of the household was not an exception. To working at all hours she raised objection. Said she to her husband, "We'd better employ. A tidy young nurse girl to care for the boy."

In the Gazette next day he put an ad: "A nurse girl is wanted for a well-behaved lad. A girl soon was hired, Gazette ads never fail. To bring the best help, whether male or female."

(To be continued tomorrow.)

## ...FORTY YEARS AGO...

Janesville Daily Gazette, Saturday, July 28, 1866.—What's the Use?—Will some of the initiated be good enough to explain to us, the sense of compelling the business men to scrape together their dirt in front of their stores, only to be scattered again by the teams constantly passing over the heaped? Light is wanted.

Grasshoppers.—If the crops generally are good, the crop of grasshoppers beats them all. They literally swarm in the grass and grain fields and are doing no little mischief to the seed, grass and oats. Mr. Wm. Hughes informs us that they are likely to ruin for him a fine piece of timothy. Many are cutting their oats to save them.

A Scare.—The people residing in the neighborhood of Messrs. Dexter and Co.'s jewelry store had a lively scare last night from what they supposed to be burglars endeavoring to enter the store from the rear. There was a general running to and fro of men and women in dress uniforms and a brandishing of many revolvers and shot guns. It was more than an hour before the alarm was quieted.

July 28, 1812.—Ninety-four years ago today a mob broke into the jail at Baltimore and killed one of the defenders of the office of the Federal Republican, a newspaper.

Find another rioter.

## Suburban News in Brief

### BARKERS CORNERS

Barbers Corners, July 25.—Cutting grain is the order of the day.

The Ladies Aid society will meet next week on Thursday with Mrs. Thomas Kneeland, August 2. Remember the date.

Miss Hattie Dutton is spending a few days with Mrs. Louis Noe.

Arrested Alverson helped David Alverson in having last week.

Miss Winifred Kneeland returned home from Madison last Monday.

Miss Bessie Paul, a nurse from St. Louis, Mo., who has been nursing at the Paul home, is visiting her sisters in Janesville.

O. N. Dutton delivered hogs at Milton Junction Tuesday.

Miss Edna Shoemaker is away camping with friends.

Mrs. Mary Flagler from Eau Claire, Wis., spent the first part of the week at Will Paul's.

Mrs. Mark Cheesbro spent Monday at Stewart Alverson's.

Arthur Kysses was a welcome visitor here Monday.

Mrs. John Flagler of Janesville spent Monday at W. H. Flagler's.

ORFORDVILLE

Orfordville, July 27.—Miss Alice Clithero of Janesville spent last Sunday with Mrs. Wallace Lasalle.

J. L. Hammill has just finished putting in a cement foundation for a bridge across Bass creek just south of the village of Footville.

Quite a number from here attended the baseball game at Footville last Saturday.

Mrs. Carrie Detrick and son of Caldwell, Kas., are visiting her brother, Wallace Lasalle, and other relatives.

Misses Anna Kelley and Jennie Hammill visited relatives in Beloit last week.

The W. F. M. S. will meet at the home of Mrs. Warren Taylor on Wednesday, Aug. 8, at 2 p. m. A cordial invitation is extended to all.

About twenty-five of Miss Anna Trosten's lady friends gave her a kitchen shower last Tuesday afternoon. A very pleasant time is reported by all.

Ray and Mrs. Boag and Mrs. H. C. Taylor went to Madison on Tuesday to be in attendance at the Monona Lake assembly.

Elmer Burdett, who has been in poor health for the past year, left last Thursday for Kirksville, Mo., where he will take treatment.

T. Marion Crawford will give an entertainment in the M. E. church on Monday evening, Aug. 6, under the auspices of the Epworth league.

Mrs. W. T. Gavey entertained about twenty-five of her lady friends last Thursday afternoon in honor of Miss Alice Jodra, who has been spending the past year in the village and in Janesville and expects to return to her home in Nova Scotia soon. Most excellent refreshments were served, and all report a very pleasant time.

Miss Jodra received some beautiful presents.

Memorial services will be held in the Baptist church on Sunday afternoon at 2:30 in memory of the late Mrs. May Munson, whose death occurred a couple of weeks ago. Revs. Porterfield of Brodhead and Boag will conduct the services.

MILTON JUNCTION

Milton Junction, July 26.—Sabbath day beautiful carnations graced the Seventh-day Baptist pulpit in commemoration of their deceased pastor, Elder Geo. J. Crandall.

Born to Mr. and Mrs. Pay B. Coon, July 21, nine pounds of boy.

Friday Mrs. Abba Loochore and Wesley came from Walton, Iowa, to

visit her parents, Mr. and Mrs. Marshall Coon.

Mrs. Greene and daughter from Whitewater were over Sunday guests of her sister, Mrs. Coalkey.

Mr. Colvin of Janesville was in town looking up a location to live. He is one of Janesville's prominent business men.

Miss Essie Ellithorpe of Clinton Junction visited here, cousin, Mrs. Gage Ausley, for a time.

Mrs. Martin of Stoughton, Mrs. R. W. Kelly's mother, came Friday to visit her. She will be joined later by her daughter, Miss Alma, who will remain a few days.

The Seventh-day Baptist churches of Milton Junction, Milton and Rock River held a joint Sabbath school picnic at Charlie Blunt's Wednesday.

Little Lucile Paul, who has been sick with diphtheria, died at the home of her parents, Mr. and Mrs. W. B. Paul, Monday afternoon. Brief funeral services were held at the home Tuesday afternoon at three o'clock and at four at the Milton cemetery, where she was interred.

Frank Maxwell was agreeably surprised Sunday evening by a company of friends coming to remind him of his twenty-third birthday.

Edward Stockman came Tuesday from Dakota to visit friends and relatives.

C. R. Hill is again traveling. He is now in Oklahoma.

Will Ainsley is wearing a smile, for he has a son, born the twenty-fifth.

Edna Jewett spent Saturday and Sunday with Laura Maxwell.

Mrs. H. Hull and Charlie Jewett went Tuesday to Milwaukee for a few weeks' visit.

Mrs. Fred Green and children have gone north for a visit.

The quarterly meeting of the S. D. B. churches of southern Wisconsin and Chicago convened Friday and continued until Sunday afternoon.

Superintendent Antidel held teachers' examinations Sunday, Monday and Tuesday. Of the twenty-two who wrote only two of the number were men.

Mrs. Butcher and daughters of Lone Rock, Wis., are guests of Mrs. Casterion.

Lulu Chatfield is entertaining a cousin.

Miss Susie Crandall is in very poor health since having the measles.

Catarrah Cannot Be Cured.

LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarrah is a blood or constitutional disease, and it is only by a quick medicine, internal remedies, that it can be cured.

Ball's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. It is a powerful purgative, and it is a quick medicine. It is prescribed by one of the best physicians in this country for years and is a genuine remedy. It is the only medicine known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of these ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

J. L. CHENEY & CO., Proprietors, Sold by Druggists; price 75c. Take Hall's Family Pills for constipation.

SOUTHWEST LIMA

Southwest Lima, July 27.—The farmers are busy setting their barley and oats.

Mr. and Mrs. C. A. Hunt were called at Fred Hunt's Saturday evening.

Thomas and Charles Banks, John Powell and Pat Conroy were in Janesville Sunday.

John Lackner and Will Westrick were in Whitewater Saturday.

Miss Susie Crandall won one of the prizes in the sweet pea contest at Milton.

Mr. and Mrs. Adolph Kranz returned home Wednesday after quite an extended stay at Charlie Hartwick's.

Mrs. Hattie Hurd, son and niece visited Mrs. John Lackner Tuesday afternoon.

The party at John Lackner's Saturday seemed to enjoy a good social time.

Mr. and Mrs. Will McQuillen were welcome callers at John Lackner's Saturday evening.

COUNTY LINE

County Line, July 26.—Mrs. Mary Sweeney left Friday for a month's visit with her sons in Iowa.

Miss Amelia Ryan returned to her work in Mercy Hospital, Chicago, on Wednesday after spending her two weeks' vacation with her friend, Anna Downer.

Marle Fox of Leyden visited from Sunday until Wednesday with her aunt, Mrs. Judd McCarthy.

Lester Viney called on friends in Albion Sunday.

Miss Maude Spike was the guest of the Misses Young on Sunday.

Mrs. A. Wilbur entertained a party of young ladies from Stoughton last week.

Messrs. A. Viney, Lloyd Viney and Nesbit spent Sunday forenoon fishing at Gibbs Lake. They report some fine catches.

Misses Ella Smith of Austin, Minn., Elizabeth and Agnes Smith of Janesville spent a few days of last week with their aunt, Mrs. E. Ford.

Mrs. Gilley of Stoughton is the guest of Mrs. Winfield Smart this week.

Mrs. P. Brannon expects to return to her home in New Hampton, Iowa, the last of this week.

Haying is all finished in this vicinity and harvesting barley and oats has begun.

## This Proposition Is Now Up

Can we longer afford to overlook the fact that we can secure the very best of dental service at about half the rates we have been paying? Dr. Richards of Janesville, the independent dentist, says he would be delighted to have his work (put out at a modest price) compared with work done by others at possibly double his prices. He affirms that the comparison will establish the fact that:

His work is good in every respect. His work is lasting. His work is done thoroughly. His work is substantial, and, in fact, not excelled by that of any other local dentist.

In addition to the reasonableness of his prices he gives close attention to painless work. Now see what you get by having him do your dental work.

THOROUGH WORK—with an ABSENCE OF PAIN—at a MODERATE PRICE.

Office over Hall & Sayles' Jewelry Store, West Milwaukee street.

## BENEFIT BASEBALL CONTEST TOMORROW

Eagles and Harvard Team at Eagle Park—Proceeds for Ernest Allen.

Tomorrow's game at Eagle park promises to be a good contest and is being played for a good cause. The two opposing teams will be the Eagles and Harvard. Harvard has lost but one game this season, a record identical with that of the Eagles. The proceeds of the game will go to Ernest Allen, who up till a few weeks ago played right field for the locals. He was injured while working for the express company on the Fourth of July and has since been confined to the Palmer hospital. He will be unable to leave there for some time and even then will be disabled for some time.

Afton vs. Golden Eagles

The Golden Eagles and the Afton Tigers, who crossed bats at Afton some time ago, will have a second game at Crystal Springs park tomorrow afternoon.

Calumet at Gibbs Lake

The Calumets, who have been playing good amateur ball this season, will try conclusions with a team of farmer boys from the town of Porter at Gibbs Lake tomorrow.

No Amateur Games Today

On account of this morning's rain, which made a mudhole of the diamond and soaked the outfield, there are no amateur games at Athletic park this afternoon. The Y. M. C. A. and Gazette teams and Lewis Knitting company and a third ward team were scheduled to meet.

## Society..

Mrs. Bernard Palmer and Miss Vera Wilcox entertained at the clubhouse of the Shinnissippi Golf club last evening in honor of Miss Jane Henderson of Moscow, Idaho.

Seventy guests were present and Roy Carter's orchestra, furnished music for the festive occasion. Refreshments were served and the affair was most delightful. The clubhouse was most tastefully decorated with flowers and ferns and the porch was lighted with Chinese lanterns. Among out-of-town guests aside from the guests of honor were Mr. and Mrs. Adams of Beloit, Miss Natalie Dalton of Indianapolis, Ind., Miss Heath of La Crosse, Fred Hall of Beloit and Peter Rehm of Chicago. The dancing lasted until after one.

In honor of Mrs. Anna Morse's birthday, Miss Ora Smith entertained at a lawn party Thursday. Her guests were members of the Women's Relief Corps to the number of seventy-five and the event was charming. In behalf of those present Mrs. Victoria Potter presented a handsome silver spoon to Mrs. Morse.

Mrs. A. L. Currey and daughter of Chicago are down from Koshkonong park, where they are spending the summer, to visit for a few days with Mrs. Currey's parents and grandmother, Mrs. H. A. Murdoch, at 213 So. Main street. Mr. Currey is making a tour of Europe, expecting to return early in September.

Through some error it was announced that Prof. and Mrs. J. S. Taylor were at Lake Waubesa for an outing. Prof. Taylor is still in the city and does not intend to leave for some time.

Mrs. Minnie Barnum and daughters, Esther and Mabel, of Orlinville were the guests of Dr. Bartlett yesterday afternoon.

Mrs. Clara G. Mackin and daughter, Miss Clara Mackin of Chicago, are visiting Mr. and Mrs. C. T. Pierce.

Mrs. George Lout of Howell, Mich., left for her home yesterday after a visit with her daughter, Mrs. W. H. Lake.

Mrs. Pliny Norcross was hostess of several ladies at cards at her home in Forest Park yesterday afternoon.

Mrs. M. E. St. John and Miss Lucile E. Hyde are visiting in Chicago.

Miss Louise E. Williams departed yesterday on a trip through the east.

Mr. and Mrs. F. D. Grubb have returned from a visit in Chicago.

Miss Margaret Henderson of Moscow, Idaho, who has been the guest of Mrs. Bernard Palmer, returns to her home on Monday next.

Mrs. Marvin Gould, with her daughter, Margaret, and son, Atherton, of Ogden, Utah, are the guests of Mr. and Mrs. Edward Kay.

Mr. and Mrs. W. Cannon, who has been spending a month's outing up the river, will return tomorrow.

Mr. and Mrs. Edward Kay and Mr. and Mrs. Wm. Taylor leave tomorrow for a two weeks' outing in the Kay Cottage up the river.

LOCAL LACONICS

Will Be Taken Home: Mrs. Vaughan left for her home in Princeton, Ill. last evening after a few days' visit in Janesville, where she was called by the illness of her brother, Phil Johnson. Mr. Johnson continues to improve and will be removed to his home in Princeton next week.

For X-Ray Examination: Miss Marie Hurlin of Fond du Lac, niece of Rev. J. E. Harlin of Edgerton, was brought from the Tobacco city for an X-Ray examination of her arm, which was fractured at Waubesa while on a picnic. The bones had been set by a McFarland doctor, but gave the patient so much pain that it was believed that fracture had been improperly reduced. However, the X-Rays revealed no surgical errors.

Visit Here: A special coach is going through here this afternoon carrying some Y. M. C. A. boys to Rockford and Madison. They will spend part of the afternoon in this city.

Are Home From Camp: The twenty-five Y. M. C. A. juniors who went to camp at Delavan Lake a week ago Thursday returned home today, tanned and happy.

No Concert: There will be no band concert next week on account of the Chautauqua, but Al. Kneif says he will try and give two the following week.

Out in the Rain: About 25 members of the L. O. G. T. left this afternoon for a day's outing at Ho-No-Na-Gah Park with their friends.

Marriage Licenses: County Clerk Lee today issued to Otto J. Elser and Mary M. Lang of Janesville and Orlo Stephens and Lizzie Charley of Janesville licenses to marry.

E. E. BAGLEY WILL GO TO WOODSTOCK, ILLINOIS.

Will Give Up Brokerage Business in Feedstuffs Here Next Week.

E. E. Bagley, who conducted a brokerage business in feedstuffs in Janesville for the past year will close his offices here next week and go to Woodstock, Ill., where he was formerly located. His many friends in the city will be sorry to learn that he has decided to leave.

There will be a special meeting of the Fraternal Reserve Association Monday, July 30th.

BY ORDER OF A RESIDENT.

For Clerk of Court

To the public: I desire to announce my candidacy for nomination for the office of Clerk of the Court on the republican ticket at the September primaries.

WARD A. STEVENS.

W. H. MERRITT.

W. H. MERRITT.

## FACTORY CHAT FOR FACTORY WORKER

Bits of News From the Industries of the City Briefly Told.

The Strickler Hay-Tool company, on North Main street have just finished taking inventory for the season and expect by the last of August to have their traveling salesman out on the road with their aluminum hay carrier which this company makes a specialty of. It is considerably lighter than the old fashioned carrier, and will carry as much a load. Beside this implement the firm keeps hay forks, pulleys, hooks and garden implements. Because of the need of a foundry to do job moulding the company has to send their patterns to Rockford and Beloit to be cast, but the work is finished in this city and put together and painted.

Cullen Brothers are finishing the work for the new city hall at Rockford which has given their local firm considerable merit. Doors and window shades are also being made and shipped to Hammond Ind., where the new postoffice is being erected. Several houses will be built by this concern this coming season and work will be commenced on the Carl Wetzler house on Jackson street.

The Doty Manufacturing company, a concern that hires most exclusively experienced men, are now one of the busiest concerns in the city. This company manufactures machines of the best weight for large iron works in the east and shipments are made to nearly all sections of this country. A large punch and shear is now on the floor which will be sent to California in the near future and when completed will weigh in the neighborhood of eight tons.

Another busy place is found at the Rock River Machine company. The punches and shears manufactured by this company are going out daily and carload shipments are made often.

EVANSVILLE SOCIETY ENJOYS A DINNER PARTY THURSDAY

Evansville, July 27.—A very pleasant dinner party was given by Mrs. Hammond at her home on Main street yesterday. The occasion was the 65th birthday of the hostess and the 62nd anniversary of the birth of Mrs. Joseph West who was the guest of honor. Mrs. Faulk, at the age of 87 years, was the oldest lady present; Mrs. Winston being next oldest, 82.

The other ladies were: Mrs. Dager, 67; Mrs. Chas. Clifford, 60; Mrs. Thurman, 57; Mrs. Isaac Clifford, 60; Mrs. Allen Clifford, and little son of Chicago were the out of town guests. Mrs. Howard's daughter, Mrs. Van Patten ably assisted the hostess in the entertainment.

MRS. SUSAN JEROME SUMMONED IN DEATH

Died at Midnight at Home on South Jackson Street—Son Prominent Railway Man.

Mrs. Susan Jerome, a resident of Janesville for the past forty-two years and a prominent member of the Congregational church, of which society she became a member many years before coming to this city, died at her home, 162 South Jackson street, at 12:25 o'clock last night. Deceased was born in Auburn, N. Y., in 1839. To mourn her loss are left one son, William B. Jerome, who is prominently connected with the New York Central railway; one sister, Mrs. Mary H. Wilber of Michigan, and a niece, Mrs. Spencer of Chicago. The son was at the bedside when Mrs. Jerome passed away. The deceased was a well-known and highly-esteemed woman and her demise will be grieved by hosts of friends. The funeral will be held from the home at half-past two Monday afternoon, Rev. W. J. Laughlin officiating. Interment will be in Oak Hill.

NORCROSS VICTOR IN DAM-SQUABBLE

His Demurrer in Case Brought by Attorney General Sustained by Judge Dunwiddie.

Pliny Norcross has gained a point in the fight brought by the attorney general of the state against him for damming Rock river, which stream the Supreme Court decided navigable. The demurrer filed by the defendant has been sustained by Judge Dunwiddie. At this time of the year the water is extremely low in Lake Koshkonong and on the river to the Indian Ford dam, which is owned by Mr. Norcross and is the cause of the legal action. The decision of Judge Dunwiddie will, however, be appealed.

### Byers, New Golf "Champ."

#### Pittsburg Star Reached Finals In Three National Tournaments.

#### Lyon, the Canadian, a Game Loser--The Careers of Both Men.

Eben M. Byers of Pittsburg recently won the twelfth amateur championship of the United States Golf association, defeating George S. Lyon of the Lambton Golf and Country club, Toronto, by 2 up in the thirty-six hole finals on the links of the Englewood (N. J.) Golf

EBEN M. BYERS, NEW GOLF CHAMPION.

club. Byers made one of the pickiest uphill fights ever seen on a golf course, being at one time 4 down.

The win was, of course, immensely popular for the reason that the golfers did not relish the idea of having the title go across the border. For all that, the rousing sendoff that was given the veteran Canuck at the finish must have made him feel like a hero.

Lyon has made hundreds of friends by this latest invasion into the states, and whenever he plays again there will always be a large number ready to flock to his standard.

Byers deservedly won. He has been knocking at the championship door for several years. This makes the third time he has reached the finals. Byers has been playing golf for eight years.

Young Byers, trim in knickerbockers and with a style modeled on the method of classic St. Andrews and Sandwich, was a contrast in every way to the stocky, gray-haired old time amateur cricketer who stood in flannel trousers and light shirt, as if ready to bowl or bat.

Both the golfers who battled in the finals for the amateur championship were men of championship caliber. Byers, when at Yale was captain of the team and won the Yale golf championship.

In the national championship of 1902 Byers was runner-up to Louis M. James at Glen View (near Chicago) and a year later to Walter J. Travis at Nassau (Glen Cove, N. Y.). Last year at Wheaton, Ill., Byers put out Jerome

GEORGE S. LYON, RUNNER UP.

D. Travers by 6 and 3 in the first round, won from Hugh Campbell of Wheaton in the second, by 3 and 2, and then succumbed to Harold Weber of Toledo in the third round by 3 and 2.

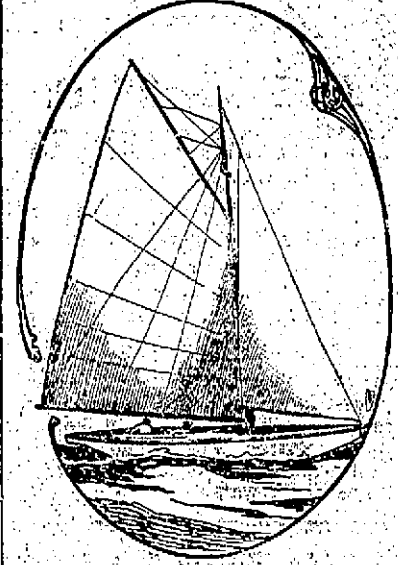

George S. Lyon of the Lambton Golf and Country club of Toronto is the only golfer from a foreign club to have lasted to the finals in an American amateur championship. Long regarded as the best cricketer in Canada, Lyon took up golf in 1896 and since that time has won the championship of the country across the border four times.

His first "win" came in the United States by taking the Olympic championship at the Glen Echo Country club, St. Louis, in 1904, when he defeated Chandler Egan in the finals by 3 up, 2 to play.

### A Roundup of Sporting Gossip

#### Herreshoff Yachts In German-American Races--Spit-Ball Originator?

Designer Nat Herreshoff, the wizard of Bristol, R. I., will have two racing yachts in the trials to select representatives of this country in the races with Germany in September. The craft are the Skiddoo and the Chevinc VI. Both boats were completed a month ago and were sailed around Cape Cod, the Skiddoo arriving at Marblehead two weeks before the Chevinc VI. The latter was weather bound four days in Vineyard Haven, Mass., and when she made the

THE CHEVINC VI.

trip around the cape she met with hard conditions of both sea and wind. Those who were on her say she behaved well.

The races are to be held off Marblehead, in Massachusetts bay.

The Skiddoo has not yet started in a race, and in friendly try-outs with some of the boats in her class she has fallen behind her rivals. Judged by her going, she has certainly not performed as well as many prominent amateur yachtsmen believed she would. She is owned by Herbert M. Sears, one of the best amateur patrons of the sport.

The Chevinc VI is owned by Frank G. Macomber, Jr., who is regarded as an excellent racing man. He has had plenty of experience and is considered one of the best of the down east skippers. The Chevinc VI, since her arrival at Marblehead has been tried out against the Sunnara, the Boulder and the Haysseed, and she outclassed them. She is held in high esteem by the yachtsmen who have seen her perform, some of whom place her among the three boats which will meet the Germans.

Michael H. Golden, now a sergeant of the Rockford (Ill.) police department, but once a big league pitcher, claims to be the originator of what is now known as the spit ball, asserting he used the delivery twenty-seven years ago, although he did not call it that.

Golden says he threw the ball by wetting the inside of his third finger on the right hand where he gripped the sphere. He often felt the effects of the ball in his shoulder for days after.

Golden started with the famous Forest City of Rockford, the team which developed Spalding, Barnes and Addy. He began his professional career with the Westons of Keokuk, Ia., where he played in 1873 and 1874. The Keokuk club joined the American association in 1875 and went to pieces in July of that year. Golden finished the season with the Chicago team and the next year went to Indianapolis, where he played the season of 1876 and part of 1877, going from there to the Springfield (Ill.) club. It was while pitching for Springfield that Golden stumbled upon the spit ball.

The next season Golden was with the tall end Milwaukee team of the National league. His most noteworthy performance with that club was the striking out of fourteen men of the

M. H. GOLDEN, WHO SAYS HE ORIGINATED SPIT BALLS.

Chicago team in a game which Milwaukee won, 10 to 2. Anson faulked twice, Pike three times and Start three.

In 1879 Golden returned to Rockford to play in the Northwest league. That season marked his retirement from the game with a strained ligament in his shoulder. He never returned to the professional ranks.

Garry Hermann is out on a wild hunt for pitchers for his Cincinnati club. He let three pretty good ones go in Detroit. Overall and Dornier, probably Hermann doesn't know a good pitcher when he sees one.

### Berger's Defeat of O'Brien

#### Philadelphian Couldn't Stop the Shifty Frisco. Ex-Amateur.

#### How the Californian Wore Down the Famous Eastern Star.

Sam Berger of San Francisco is the present big noise in the heavyweight pugilistic arena. As for the reason, well, every one knows it. Sam, out-fought "Philadelphia" Jack O'Brien in Quakertown and is now the foremost claimant for the classic throne left vacant when the unequalled Jim Jeffries took to the woods.

Sam had the crafty, shifty O'Brien had going four ways when the going got busy in Philadelphia. Jack was all in, his wind and strength were all out, and Sam had the answer in both of his brawny mitts. And the Berger boy was only an amateur a year ago too. Oh, sadness for the O'Brien clan!

It had been popularly predicted that Jack O'Brien would wipe Sam off our lovely sphere. It had been said, with wise and knowing smiles that O'Brien in making this match had simply decided to make a little vacation money in the easiest manner possible. They likened Berger to a big "jerkon" and they said that O'Brien's favorite summer drink was lemonade.

When Berger made some stout speeches to the effect that if he ever got a chance at "Jumppin' Jack"

SAM BERGER.

O'Brien he would make him look like a broken toy the speeches were not listened to with any patience. They said that Berger would think of the San Francisco earthquake as a mere trifle after he had fallen against the whirling gloves of the magical O'Brien.

But when the six rounds ended Berger was the bully boy. He had beaten O'Brien. He had gone against the clever ringmaster without any fear, without any nervousness. He had played the game with a stout heart. He had taken the lightning jabs. He had withstood the cruel hooks. He had not for one instant backed away from the fray. He went ponderously pounding away at O'Brien's face and at his body, and it he missed and got sharp, stinging blows for his pains he refused to be at all discouraged or put out by them.

He kept after O'Brien. He made O'Brien dance his liveliest to keep out of harm's way. He was so persistent in his attack that there were times when the climax of the heavy weight championship was obliged to turn tail and run like a rabbit to different parts of the ring.

He made O'Brien hug. He made O'Brien use every trick that the old ring warrior knows how to use when the fire gets too fierce for safety and comfort. The fight itself was a splendid one. Never did the seconds of any minute in any round drag. The men were at it constantly, and Berger's absolutely constant attack upon his shifty opponent of great repute was what won the crowd's heart.

O'Brien met the attacks with the best play of hands and feet that he has in his command, and a lightning fast and wonderful boxer he really is. But it was he only in the six rounds of superb, supple and slashing savagery that ever asked for quarter. He did it now, and then in the last swift session of the fight by turning his gloves back of Berger's arms, and holding until Referee Jack McGugan a little scornfully would break the gloves away and free the big young Californian from the terrible clutch.

### CARE OF A GOOD ROAD

VALUE OF "HONING" ITS SURFACE AFTER A RAIN.

How the Mount Hope Road, Near Middletown, N. Y., Was Improved by This Method--Importance of Gutters and Grading.

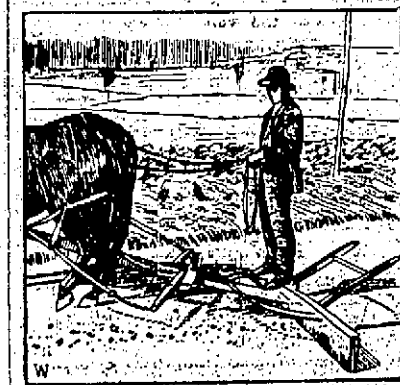

The work of the Maple Dale Good Roads club of farmers has attracted quite a good deal of attention in a local way in Orange county, N. Y., and is of general interest, writes O. W. Mapes, president of the Maple Dale Good Roads club, in the Good Roads Magazine.

Just west of the thriving city of Middletown is a section of farming country which is tapped by the Mount Hope road. This is a part of what was formerly the old stagecoach route leading from Newburg, on the Hudson river, to Milford, Pa., on the Delaware river.

The following article by the writer published in the Rural New Yorker in 1904 shows pretty well the methods employed in improving the road:

"The first step is to stake out the work by making a light furrow on each side of the proposed work twelve or fourteen feet apart. If any part of these first furrows comes within the beaten track where it is hard it should be done just after a soaking rain, either with a plow or the point of a road machine. Next put the wheel of the road machine in this light furrow, hold the point of the blade firmly down in place, remove every stone which the point strikes and work down and out until enough dirt is secured to bring a good crown to the center of the road, and a good gutter on each side, making suitable outlets from all low points in these gutters.

"This is only a question of applying sufficient team power and removing all stones that interfere with making a good gutter. Our portions of our road this alone will give us a good road with proper care in honing down after each heavy rain and raking out all loose stones. Other portions will need a little gravel or shale along the crown of the road. There are several hills where this can be secured, requiring only short hauls. A cubic yard hauled on a twelve foot wagon is enough for the worst places by dumping a full load in a place, and in other places a half or a third of a load in a place will finish the crown of the road. Grading with the machine should not cost more than \$25 per mile nor drawing the gravel on the crown of the road

ROAD "HONED" USED IN SMOOTHING THE SURFACE.

more than 40 cents per cubic yard. This makes the cost only \$200 per mile when a full load of gravel placed on the crown of the road all the way.

"How about the after care of such a road? Here is the secret of success. When the first rain comes passing teams and vehicles will puddle the material along the crown of the road in the beaten track, forming a hard crust as it dries, which will be somewhat rough and uneven. Before it becomes too dry and hard, hone the surface perfectly smooth and true with a light hone about five or six feet long. One man and team can hone off a bunch of road in this way if he understands his business at slight cost. He should stand on the hone and guide it by stepping from one end of the hone to the other as the occasion requires. This is very inexpensive and should be repeated after every big rain, though it will never soften much after the first puddling. Now rake off any loose stone, and you have a beaten track on the crown of the road, over which a bicycle or an auto will roll as smoothly as on the best macadam road and on which you can drive a clean buggy as long after a summer shower without having to avoid mud holes. The only other care needed on such a road will be to sprinkle a very little good gravel, shale or even hardpan right in the center of the beaten track occasionally, according to the amount of wear on the road, and keep the gutters from filling, throwing the stuff scooped out of them away from the road instead of back into it.

"What are the scientific principles involved? The beaten track on the crown of the road is a hard crust, almost impervious to water, while the soil beneath this crust and at the side near the lower gutters is porous and open. I cannot illustrate better than by referring to a turtle's back. Using the hone frequently keeps the upper surface of the crust so smooth that rain flows quickly into the gutters at the side, as it would from a turtle's shell. Rain cannot saturate this crust from the under side any more than it could on the under side of a turtle's shell. If any happens to work its way through the crust of the beaten track it falls away quickly through the more porous soil beneath and into the gutters at the side, just as rain would run from the under side of the shell to a turtle's back through the openings for his legs.

At any rate, the sample which was built after this pattern and at this cost has stood the test of a year's service and is still in almost perfect condition."

Excursion Tickets to La Crosse, Wis., Via the North-Western line, will be sold at reduced rates August 6, 7 and 8, limited to return on August 10 inclusive, on account of State Association B. P. O. E. Apply to agents.

### CALL FOR NATIONAL ROAD.

An Appeal to Have Famous Highway Rebuilt by the Government.

The National Good Roads association, with headquarters in St. Louis, has sent out the following appeal to motorists, says the New York American:

"The National Good Roads association is a powerful force for good, and its work is accomplishing results in all parts of the United States. It is engaged in many things that will benefit the people. One of the great schemes it has in mind and which it has set about to accomplish is the repair and rebuilding of the great national road across Maryland, Pennsylvania, West Virginia, Ohio and Indiana.

"That memorable road was intended to be one of the highways between the east and the west before railroads were known. It was built at great expense, costing the federal government over \$7,000,000, and during the early days was a famous highway over which thousands traveled every week. When railroads came into existence the national road was neglected, and today it is only a skeleton of what it once was.

"It is proposed to rebuild it, and the National Good Roads association has undertaken to have it done by the government. The length of the road is about 700 miles, and it can be rebuilt for less than \$7,000,000. That is about the cost of one good battleship, and we are building lots of them. The appropriation of that sum to make this old road across five states would do as much good as the average battleship, for not one such ship in ten will ever get in a fight. Then when the old road has been put in good shape to the Mississippi river it may be that the price of about three other battleships will be set aside to build the road to the Pacific coast.

"One first class continuous highway across the continent would be a great thing. Many a traveler would spend two or three months going and coming by train, bicycle, automobile or otherwise. It would be easy for the nation to do a thing like this.

"In 1905, 150,000 Americans visited Europe and for the privilege of going over the first class European roads paid over \$500,000,000."

### THE WAR ON DUST.

How Coal Tar Is Used on the Swiss Highways.

In ever progressive Switzerland there is an anti-dust league which is carrying on a war against the principal factors of dust composition. The processes under consideration are oiling, watering with deliquescent salts and tarring. It is said that the three processes have given general satisfaction, but that the tar is the most efficacious of anything heretofore tried.

For tarring the product used is a coal tar, the product of gas works. It is black and viscous and its density varies from 1.10 to 1.25. It can be applied hot or cold. Its boiling point varies between 70 and 80 degrees, and thereafter it is impossible to raise it to a higher temperature. It is spread during a warm and dry period, with watering pots, after the road has been thoroughly cleaned. After spreading the tar is gently brushed, and no traffic is allowed upon it for at least twenty-four hours. The tar most preferable is the product from gas made by carbureted water.

The French government, after a four years' trial of the tarring method, has obtained satisfactory results fully justifying the expense of from 2 1/2 to 3 cents per square yard. The annual economy on the wear and tear is found to be about 2 cents a square yard, and for watering 1 cent a square yard, so that the process of tarring is of no expense while its benefits are evident.

### IMITATE ROMANS.

Sound Advice Given to All Intelligent People.

It is a blind people which fixes its eyes on the railroad and considers it the sum of all transportation, says the Pacific Monthly. Only second to it are the wagon roads, and intelligent farming communities ought to appreciate the tremendous yearly loss to the whole community in bad roads.

Not only that smaller loads must be hauled, more trips made, more time taken on a trip and greater wear and tear and breakage--not only this, but the community with good solid roads the year round will outstrip its rivals in settlement and increased values. The Romans for military purposes built through sparsely settled districts roads which endure today, and the ever accompanying result was the rapid settlement of those districts.

The railroad is not the whole thing. Get together, my countrymen, and mend your ways. Be Romans; make your roads everlasting good.

### A Bill For Good Roads.

Representative William B. Hearst of New York recently introduced a bill appropriating \$50,000,000 toward the building of good roads, for the purpose of extending the postal service, and lessening the dependence of the agricultural and industrial interests on railroads, says a Washington dispatch. The plan proposed is that not more than \$10,000,000 of the amount shall be expended in any one year. When a country road is built for a distance of ten miles or more the government is to pay half the cost.

Massachusetts Highways. During the last twelve years approximately 822 miles of state highway have been constructed in Massachusetts. These roads have cost approximately \$5,100,000. Of these highways about 90 per cent are of the kind known as macadam roads, the remaining 10 per cent being of gravel.

Excursion to Whitefish Bay. Via the C. & N. W. R. on Wednesday, August 1, for only \$1.50 for the round trip.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children--Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea--The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher.*  
The Kind You Have Always Bought  
In Use For Over 30 Years.

## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free. The Bradford Regulator Co., Atlanta, Ga.

### One on Mrs. J.

In her daily altercation with the leg man over the short measure he delivered, Mrs. Jones one morning called him in half angry good natured don't see what makes you so stingy with your feet? You know you can't take any with you to the next world. The man paused with his hand on the doorknob. "Yes, Mrs. Jones," he said, "but you must remember that if you was to see me coming with a block of ice to you in the next world, you'd be so glad to get it, that you wouldn't have a word to say about short weight."

Togo's 600 sailors, who are in England for the purpose of taking over the two Japanese cruisers just completed in English yards, were the lions of London recently, and were enthusiastically entertained. To the shouts of "Banzai!" which greeted them on arrival they replied "Hello!"

### Paper from Green Rushes.

Very little paper is now made from rags, a number of vegetable substances being employed in their place. The latest plants to be used are green rushes, which when suitably treated, produce a very white and consistent paper pulp, from which a good quality of paper can be manufactured cheaply.

COMPLIANCE WITH LAW.

## READY TO ASSIST LINES

Interstate Board Offers to Cooperate  
with Carriers in Formulating Tar-  
iffs So As to Comply with Sec-  
tion Six of the Statute.

Washington, July 28.—Chairman Martin A. Knapp, of the Interstate commerce commission, on behalf of the commission, has directed a letter to all railroad companies and corporations of the United States directing their special attention to section 6 of the recently enacted railroad freight rate law. The section provides that every common carrier, subject to the provisions of the act, shall file with the commission and keep open to the public for inspection, schedules "showing all the rates, fares and charges for transportation between different points on its own route and between points on its own route and points on the route of any other carrier by railroad, pipe line, or by water when a through route and joint rate have been established.

After quoting in the letter the whole of section 6 of the law, Chairman Knapp says:

## Asks Carriers to Cooperate.

"It is manifest that existing schedules must be changed or amended to bring them into full compliance with the provisions of law above set forth. These changes or amendments can be made most satisfactorily, and at the same time with greater uniformity through the prompt action and cooperation of all carriers subject to the law, and to that end such carriers through special committees or their representatives in traffic associations, are requested to immediately confer and thereupon propose to the commission such methods of procedure respecting the changes necessary to be made in tariff construction, including the simplification of present rules and regulations and of exceptions to the application of specified rates, the definite statement of joint routes upon which through rates are to apply, and appropriate means of concurrence in joint through rates, both to the commission and to the public, while at the same time providing for plainly showing upon suitable schedules the services and the various charges required by the law to be published and filed.

## Commission Ready to Aid.

"The commission is of the opinion that this duty should rest primarily with the carriers themselves, in view of their liability to forfeitures and penalties in cases of failure to comply with the mandatory requirements of the sixth section. The commission will, however, cordially cooperate with representatives of the carriers, and will freely discuss with them all pertinent questions which in this connection may arise, reserving always its right to make at such times as may appear necessary any general or special order or orders within the scope of its authority. Methods so proposed by carriers should embrace those designed to effectuate immediate substantial compliance with the amended law as well as those intended to be permanent applicable."

## BITS OF NEWS.

All efforts to capture John F. Dietz have been abandoned.

Several Lettish revolutionists, accused of five political murders at Mitau, Courland, were condemned by court-martial to be hanged.

Congressman Henry McMorran, of Port Huron, was renominated by the Seventh Michigan congressional district Republican convention.

The protected cruiser Milwaukee fulfilled all requirements of the government in an four-hour straightaway run of 100 miles out to sea.

A band of Tartars attacked eight Armenians near Arax. The corpses of two of the Armenians were found on the spot, but the fate of the others is not known.

Canadiana resident in the United Kingdom presented a superb silver centerpiece to the new British battleship Dominion. On the base is inscribed "One life, one flag, one fleet, one throne."

The police searched the house of Prof. Borodin, of the University of St. Petersburg, where meetings of the parliamentary group of toil were being held, and seized all the papers of the committee.

John Black and Will Reagin, negroes, were lynched by a mob of 200 men near Fort Gardner, Polk county, Florida. The negroes killed Ed. Granger, a white turpentine operator, without provocation.

Locusts are devastating the neighborhood of Debreczin, Austria, where crops on 60,000 acres already have been consumed. Desperate means have been adopted to keep back the invasion, but without avail.

Frank Kern, who with Bertha Bowlin, was brutally assaulted at Kansas City a week ago, fully regained consciousness and made a statement in which he said that Albert M. Crane committed the assault.

After an exciting chase in which bloodhounds were used, Jesse Fitzgerald, a negro, was arrested by a posse and lodged in the Barboursville (Ky.) jail, charged with robbing and murdering Mrs. Robert Broughton.

While the Japanese cruiser Itsukushima was returning from an Australian cruise, the engineer commander, Kawai, attacked Capt. Ishikawa with a sword, inflicting over 20 wounds. Kawai attempted to cut his throat, but failed.

## TO PROCLAIM RUSS' REPUBLIC

Revolutionists Preparing for Armed  
Uprising in Kharkov in the Fall.

Kharkov, July 28.—The revolutionists are actively preparing for an armed uprising and a proclamation of the republic of Kharkov in the autumn. It was determined in the meantime to avoid conflicts with the authorities. The revolutionists have the sympathies of a large proportion of the population.

The French vice consul here has received very disquieting news from French industrial establishments at Yuzovka, the principal smelting center in the south of Russia, where 40,000 workmen have armed themselves and have organized a disciplined rifle legion of 1,000 members under former army officers. The Russian troops are useless in the emergency, having fraternized with the strikers almost continuously. The workmen's demands amount practically to confiscation of the plants.

## Special Train to St. Paul and Minneapolis.

Via the Chicago & Northwestern Ry., on Monday, August 13th, on account of the National Encampment of the G. A. R. Through special train leaves Janesville at 6 a. m., arriving St. Paul at 2:30 p. m.; Minneapolis at 3 p. m. Making a delightful daylight ride through the beautiful scenery of Wisconsin, including Devil's Lake, and arriving at St. Paul and Minneapolis in very good season. The rate for the round trip is only \$6.40. Tickets good to return up to August 31st, and by extension until September 30th. For further particulars see ticket agent of C. & N. W. Ry.

## Eagle's Special Train to Milwaukee.

On Tuesday, August 14, the Fraternal Order of Eagles of this city will have a special train over the Chicago & Northwestern Ry., leaving here at an early convenient hour in the morning making good time between here and Milwaukee. The rate on this special train will be one fare, \$2.15, for the round trip. Tickets good returning the day following. Complete details later. Ticket agent C. & N. W. Ry.

Sealed proposals will be received at this office until the 24th day of Aug., 1906, at two o'clock in the afternoon, for furnishing all the material and doing all the work necessary and required to improve the following named streets, in the city of Janesville, Wisconsin, according to the respective specifications, profiles, plans and details thereof on file in the office of the City Clerk of said city, for the inspection of bidders, to-wit:

Washington street from the north side of West Bluff street to the south side of Ravine street being about 374 lineal feet to be graded to a sub-grade and surfaced with macadam, with cement curb and gutter; Terrace street from the north side of West Bluff street to the south side of Ravine street being about 374 lineal feet, with cement curb and gutter, according to the respective specifications, profiles, plans and details thereof on file in the office of the city clerk of said city, for the inspection of bidders.

The work upon said streets will be let under separate contracts.

Work shall be commenced upon said streets on or before the first day of September, 1906, and the whole work shall be completed on or before the 15th day of October, 1906, failing in which the contractor shall pay to the city of Janesville as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

## Directions to Bidders.

Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who shall be freeholders of the state of Wisconsin, and shall justify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount of the entire contract price in property not by law exempt from execution. Surety companies authorized to do business in this state will be accepted in lieu of personal sureties.

Said contracts and bonds, with sureties, must be completely executed on the part of the contractor, with the exception of the signatures on the part of the city. THIS IS A POSITIVE REQUIREMENT OF THE CHARTER AND MUST BE COMPLIED WITH. Bids failing to comply with the above requirements will not be considered.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details for each street; stating therein prices respectively per square yard of macadam pavement; per cubic yard for grading; per lineal foot for furnishing combination curbing and gutter; per lineal foot for furnishing cement gutter and resetting curbing, so far as the same are applicable to said streets, under said specifications, profiles and plans.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities named in the specifications and awarded as separate contracts on each of said streets. All bids and the accompanying contract and bond must be written on the blanks prepared by the undersigned for the purpose, and prices should be stated in writing and in figures.

Address all bids as follows: "Street Assessment Committee," with the name of the street or alley upon which such bid is made marked on the envelope, and file the same with the city clerk of said city.

N. B.—Blanks for the proposals and blank contracts and bond for street or alley will be furnished on application to the city clerk.

The bids, when the lowest ones, will be decided by the street assessment committee.

The said committee reserves the right to reject any and all bids.

Signed,  
J. F. HUTCHINSON,  
C. V. KERCH,  
JOHN J. SHERIDAN,  
J. J. DULAN,  
W. H. MERRITT,  
Street Assessment Committee.

Future Pilgrims to the Domicile of Mrs. Wiggs Will Find a Change.

Current reports from Louisville, Ky., indicate the probability that future pilgrims to the shrine of that community, literary and otherwise, may pause for refreshment or inspiration at the Cabbage Patch inn. At least, says the New York World, Mrs. Wiggs is disposed to rent her shanty and the would-be lessee has asked for his license. It has been observed by grave writers that public houses of entertainment have often provided the haunts of those prominent in literature, and the arts. Chaucer cheered mine host at the Tabard; Shakespeare, Ben Jonson and their fellows made merry at the Mermaid; Congreve and Wycherly had their revels at the Half Moon, and there are other famous examples of England. For our own side of the water, we have the literary traditions of the Wayside Inn, we know of Irving listening to strange tales at the old Bull's Head in New York—and we need not mention the late Subway Tavern, of brief but strenuous note.

If inn may be the haunts of genius, they may as well commemorate transmutations by genius. Mrs. Wiggs underwent one of these. She was without distinction in her own side street till she was placed on the point of a pen and gathered between book covers. The accomplishment of realizing upon her in letters was noteworthy. It is perhaps inevitable that they who go to the patch therefore to wonder shall remain to drink.

Fur Farming for Profit.  
Noted Naturalist Tells What Are the Best Animals to Raise.

Fur farming offers a good chance for small capital. A man of experience may put in \$1,000 and get a remarkable percentage as soon as well started, says Ernest Thompson Seton, in Country Life in America. There is no object in breeding cheap furs. A muskrat with his 15-cent pelt is almost as much trouble to raise as a \$300 silver fox. Therefore, only the high-class furs will be considered.

What is the most valuable fur of all? No doubt the sea otter. Its ample and magnificent robe brings now, I am told, from \$500 to \$1,000, but the animal is so rare that a large fortune would be exhausted in getting the stock, and nothing is known of the methods necessary for its propagation.

Next on the list is the silver fox. The black or silver fox is nothing but a black phase or freak of the common fox, just as the black sheep is a color freak of the common sheep. A pair of pure red foxes may have a black fox in their litter, and that black fox may grow up to be the parent of nothing but red foxes, but a red fox will bring only a dollar or

two and the silver fox a hundred times as much.

Literal.  
"I never saw a man's opinion of himself so thoroughly justified as was young Softy's at our place the other day."

"What happened?"  
"Well, he thought he was the biggest gun in the establishment."

"Yes?"  
"And so he was always booming himself."

"Well, the boss just fired him."—  
Baltimore American.

Columbia River Fish Wheels.  
A curious plan for catching fish is used on the Columbia river. A number of wheels are set up in the middle of the stream, which as they turn round catch the fish and cast them into troughs by the river bank. As much as five tons' weight of fish a day has thus been taken.

## CABBAGE PATCH TAVERN.

Future Pilgrims to the Domicile of Mrs. Wiggs Will Find a Change.

Current reports from Louisville, Ky., indicate the probability that future pilgrims to the shrine of that community, literary and otherwise, may pause for refreshment or inspiration at the Cabbage Patch inn.
